

Corporation Formed To Promote College For City and County

A group of Hazard business men have formed a corporation for the purpose of promoting and obtaining a community college for Hazard and Perry County. The recently organized corporation is known as The Hazard Community College Corporation and is empowered by its charter to acquire land and other facilities for the purpose of erecting an educational institution.

The new corporation will endeavor to select and acquire sites that would be suitable for a college complex and will work with the University and its various committees as representatives of the people of Hazard and Perry County. The legislature has appropriated money for the building of a community college in the Kentucky River Valley, and a number of studies have been made to determine the location of the college. As yet no definite site has been selected and this new corporation is for the purpose of assisting the University in seeing that the proper location is made and that the location will be in Hazard and Perry County. The incorporators of the new

corporation are Dewey Daniel, M. K. Eblen, R. H. Kelly, A. R. Barner, Cooley Combs, Eli Boggs, Lee Crutcheff and Wm. B. Sturgill.

Mr. Daniel, Chairman of the Board of the new corporation, said, "With the passage of the Appalachian Bill and the obtaining of money through Federal Grants and State matching money, the road building program that has long been needed in East Kentucky is on its way. Now what East Kentucky and Hazard need is a good community college and we shall use all effort to see that the facilities here in Hazard are properly offered to the University to the end that the college will be located in Hazard."

U.M.W.A. Steps Up Organizing Drive In Hazard Coal Fields

The United Mine Workers of America is stepping up its organizing drive in the Hazard coal fields with the assignment of special new organizers, union officials told a union rally of about 200 people Saturday.

The new organizers were to go to work today. Union leaders told the crowd that filled the Altair union hall that "we'll take care of" workers who stage successful strikes at their mines.

The current drive was billed as a last-chance opportunity for miners in the Hazard field to join the union.

District 30 President C. E. Beane of Pikeville said the spirit of unionism still ran strong in this area, and that "we're not going to stop until we are convinced in our own minds that the people don't want it."

Union spokesmen pointed to three large mines in the area — Blue Diamond at Leatherwood, and Southeast and Elkhorn-Jellico Coal Companies in Letcher County as targets of the drive.

They said an election in which workers at Southeast would pick their bargaining agent was not far off.

The union is also "working on" smaller independent mines in Perry County. Operations owned by Bill Sturgill and Dick Kelly, both of Hazard, were mentioned by name.

One union official charged that some miners made as low as \$4 a day, and that some operators failed to meet their Social Security obligations to the workers.

COUNTY JUDGE

Democrat Primary, May 25, 1965

To The Voters of Perry County:

I am a candidate on the Democratic ticket for the office of County Judge of Perry County, subject to the May Primary.

I was born in 1911 in Perry County and have always lived here. I am a 32nd degree Mason and also a Shriner. From 1942 through 1960 I was employed by Blue Diamond Coal Company; Blue Diamond Kentucky. Since that time I have been engaged in the Real Estate business. I served as Justice of the Peace in Magisterial District No. 6 for twelve consecutive years, and during that time, with the help of my friends, I got more than \$200,000.00 in Rural and State roads built in my district. If you elect me as your County Judge I promise to work unceasingly to improve the entire road system of Perry County.

My wife is the former Miss Sinda Hamilton, and she has been Postmaster at Dice, Kentucky for the past twenty-three years. We have two children, seven grandchildren, and have reared two foster children. We are members of the Lost-creek Community Church, where my wife serves as Treasurer and I am a Deacon.

I want you, the voters of Perry County, to know that I am not connected with nor obligated to any of the other candidates in the other County races. Let us have faith that right makes might, and in that faith let us to the end dare to do our duty as we understand it. I want to be your County Judge, and I humbly solicit your support. If nominated and elected I sincerely promise you four years of faithful and devoted service. With your support we will win and progress.

Leatherwood Homemakers Meet, Discuss Drying Plants

Mrs. Ruby Brashear was hostess Thursday night, May 13, at her home to the following Leatherwood Homemakers Club members: Mrs. Paul Brashear, Mrs. Denny Brashear, Mrs. Lennis Whitaker, Miss Grazia Combs, Mrs. Wise Coomer, Mrs. Denver Minard, Mrs. Fredi Angel and Mrs. Susie Angel and one guest, Mrs. Joe Osborne.

An interesting devotion was given by the Miss Grazia Combs. She stressed the great handiwork of God's Creation emphasizing the wonderful beauty of our surrounding world taken from the book of Samuel II.

The lesson was given by Mrs. Denny Brashear and Mrs. Wise Coomer. Many of our summer flowers can be dried for beautiful arrangements that can be used all year round.

Choose flowers at their greatest color not over ripe, pick at

high noon, keep in dry room, from bright light. The following dry most satisfactorily: Bachelor button, baby breath, Dahalia, Zinnia, Roses, Larkspur, Marigold, pansies, Hydrangea, Aster and Geranium.

Nature's own dried material can be collected and hung to dry, heads down in dry dark room such as pine cones, nardine berries, bittersweet, money plant, milk pods, strawflowers, sumac, thistle, dock, cat tails, gather in July or early pods.

A hint—be sure to keep an eye out for insects and spray in rooms where the drying process is being done.

Following are the needed recipes: borax mixture—one part borax to six parts corn meal available. (or clean white sand), use shallow boxes, cover flowers heads to a depth of two inches—remember to cut stems and dry separate and wire back to the flower when dried. Glycerine—one part to three parts of water; crush ends of stems of magnolia, beech, ash, boxwood, sycamore leaves, keep in this solution for two weeks, brushing leaves with this mixture every four days—this will make gorgeous arrangements for your home at little cost. Remember drying flowers takes patience and care, plus interest, don't expect to be an expert too soon as the experts have been drying for years. THIS—don't crowd too many into your arrangements, use the ones which have good color, texture and shape, also don't forget your container must be suitable for your material. This is a creative art, so plan to work on this during the summer months when much is available.

RE-ELECT
CALVIN N. MANIS

for
COUNTY ATTORNEY

TO THE VOTERS OF PERRY COUNTY:

Since January, 1962, I have served you as your County Attorney. During this time I have endeavored to perform whatever service that has been requested of me, promptly and courteously, to the best of my ability, trying always to promote the welfare of the people of our county.

I have been available at all times to serve the various courts of our county, including the Fiscal Court, Quarterly Court, Juvenile Court, and the various Magistrate's Courts, and I have endeavored at all times to perform my duties as required by law. I have made several trips to Washington, D.C. and to Atlanta, Georgia, and devoted considerable time and effort toward helping to obtain for the people of Perry County a new courthouse and jail.

It has been a pleasure to work with you and for you and I would appreciate very much the opportunity to serve you for another four years.

On the basis of this record and my experience in this office, I humbly and courteously ask for your vote and support of my candidacy for nomination and re-election to the office of Perry County Attorney.

Your friend,
CALVIN N. MANIS

TO THE VOTERS OF DISTRICT 4:

I, Jesse Paul Engle, wish to announce my filing as a candidate for Magistrate subject to the Republican Primary, May 25, 1965.

I am the son of the late James H. and Lucinda Smith Engle of Troublesome Creek, Ariz. Kentucky. While I was still quite young my family moved to the Bulan community where I have continued to live and make a home for my wife and me.

I am married to Ella Hughes daughter of Zack Hughes, deceased and Martha Stacy Hughes.

I submit the following in support of my candidacy making it possible for you, the voters of District 4, to decide as to whether I am qualified to serve as your magistrate:

I am a veteran of World War II, having served with the Ninth (9th) Troop Carrier Command, European Theater of Operations, and received a medical discharge in 1945.

I have been engaged in private and public accounting while employed with the Smith's Shopping Center at Bulan, Kentucky for the past 15 years.

I am a graduate of Dudley High School and attended Lee's Junior College, Jackson, Kentucky and Bowling Green Business University, Bowling Green, Ky.

If nominated in the Republican Primary on May 25, 1965, and elected in the General Election in November 1965, the following will be my efforts:

To work with the Fiscal Court in an effort to improve the image of our county at Home and on the State and National level.

The recent passage of the Appalachian Anti-Poverty Bill makes it necessary for our people to elect those county officials that are best qualified to aid and use all agencies in obtaining the best and greatest benefits for our people.

If nominated in the Republican Primary on May 25 and elected as Magistrate of District 4 in the General Election in November:

I will maintain a modern and up-to-date record of all business transacted by my office, and will publish a quarterly statement of all revenue collected and expended.

If this brief statement of my background and proposals, elected, make me worthy of your confidence and vote, I will be most humble and grateful.

When casting your vote on May 25, make sure you are voting for these candidates that are best qualified and trained in executing the fiscal affairs of our county.

Respectfully submitted
JESSE PAUL ENGLE

VOTE FOR HOMER EVERSOLE

FOR COUNTY JUDGE

Four years ago I asked the voters of Perry County for the opportunity of serving them as County Judge but was defeated. This did not turn me against my party and I went all out in two campaigns both County and State wide. Again I am asking you for this opportunity. As long as I can remember Joshua Smith has been running for office or has been in office. It is time for him to step aside and let a younger man have the opportunity he has had. Another opponent, Charlie Duff, served you as your Jailor. He too should be willing to give someone else the chance he had. Henry Womble is in the strip mining and sugar business.

I do not wish to make a lot of promises which cannot be fulfilled. There are some programs which need special attention. There are other programs which have not been put in operation. There are parts of Perry County which have been forgotten. I will strive to relieve this situation.

The people in the rural areas of Perry County need special consideration, under the rural road program. ALL of Perry County needs to be considered when roads are being built. Parts of Perry County have been neglected. There has been and will be money for roads. I pledge to the people of Perry County an all out effort in road construction with what money that is available for this purpose.

I am a Veteran of World War II, having served two years with the 1488th Engineers U. S. Army. After being discharged, I did not forget that I was a Veteran and have spent many hours helping the Veterans, their widows and families. I make a special appeal to the Veterans. I have helped you, now I am asking you to help me. As State Commander of the Veterans of Foreign Wars, I spent long hours in Frankfort and all over the State, working to get the Bonus passed. This Bonus not only helped the Veterans but also the teacher. I also ask the teachers to help me.

I have tried to see as many of you as possible and I take this means to reach those I have been unable to see. Vote for HOMER EVERSOLE on May 25th, Number 2 on the Ballot.

Yancy Amis

FOR SHERIFF

Democratic Primary, May 25, 1965

To The Voters of Perry County

As pastor of the John n Baptist Church, of Luckhorn, Kentucky, I wish to make the following statements in behalf of Yancy Amis who is now a candidate for Sheriff of Perry County.

Our records show that he has been a member of this Church since 1934, and Deacon since 1941. He is also Chairman of the Board of Directors.

In performing the duties that are imposed upon a man holding these positions, I have always found Mr. Amis to be very sincere and Christian like in the fulfillment of the obligations that are involved.

As to his civic duties in our community, he and his family are always ready and willing to aid any person, or family in need of free transportation to and from doctors offices, clinics, or a hospital. At the time of death or funerals, you will again find YANCY AMIS and his family there to give whatever aid they can to those in grief. Their ears are always available to help transport people to and from services each Sunday.

As to his official records while serving the public as Deputy Sheriff and A.B.C. Agent in Perry County. They speak for themselves.

I feel assured, should he be nominated and elected to this office, you will find him to be sober, honest dependable, and a Christian Gentleman while carrying out the many duties and obligations that you expect of your Sheriff.

Very respectfully yours,
BEECHIE JOHNSON, Pastor
Johnson Baptist Church,

Pineville Comes Awake During Kentucky Mountain Laurel Festival

PINEVILLE, Kentucky, is a pleasant, more or less sleepy little town sprawled on the banks of the Cumberland River where the river cuts its way through the mountains of Southeastern Kentucky—sleepy, that is for about eleven months of the year, for along about the middle of April every year there is an awakening—the town begins to rustle, as a bear breaking his long winter hibernation.

It's time to start work on another Kentucky Mountain Laurel Festival.

This event has been staged annually, except for the years during World War II, since 1931 by the people of Pineville. It is done without anticipation of great profit. These mountain folk just want some outsiders to enjoy, with them, the beauty of the Kentucky mountains in the spring, further decorated by twenty-two lovely feminine representatives from Kentucky colleges, and to extend the hand of mountain hospitality.

And if ever there was a community project, this is one. There are in the neighborhood of 3500 people in Pineville. On the Board of Directors of the Kentucky Mountain Laurel Festival Association there are 57 members—prominent people from all over the state.

This year there are 296 people serving on various committees for the Festival (there are 38 committees). There are 17 Princess candidates with es-

there will be at least 15 parade floats which require an estimated eight per float to build. Also in the Grand Parade will be 20 high school bands with an average of 60 musicians each. To handle the tremendous volume of traffic the Kentucky Division of Forestry furnishes 68 men and the State Police, 10.

Without including all the people who ride on the parade floats as decorations, the Boy Scouts and Girl Scouts who, in addition to furnishing marching units in the parade, help

In many ways to make the Festival a success, and the members of all the civic clubs who play a tremendous role in the production of the pageant, these figures add up to 1,827 people who contribute directly to the Kentucky Mountain Laurel Festival.

Yes, it is a community project. And if you will visit Pineville between now and May 27, the opening date of this year's Festival you will see an unbelievable amount of bustling activity—for a sleepy little mountain town.

COUNTY TOO POOR

This Sheriff Pays Department's Bills

HAZARD, Ky.—(AP)—Whenever his staff needs something for the office, Sheriff Charley Combs usually digs into his own pocket for the money.

In four years this habit has cost him at least \$15,000. But instead of complaining, Combs is happy to have given a poor county a clean and efficient police force.

Perry County, like many in the mountains, is unable to pay for the equipment and supplies needed to run a sheriff's office.

Until Combs was elected in 1961, the county had no cruisers for the sheriff's staff and seldom any uniforms for deputies other than store-bought khakis.

It wasn't unusual to see a deputy sheriff hitchhike a ride to answer a complaint.

Combs immediately purchased two cruisers, complete with flashers and two-way radios. Then he bought smart uniforms for his deputies and equipped them with pistols.

His radio equipment includes a base unit and six mobile units. Another unit is in his home at Letha.

The sheriff, who runs a profitable coal business and has other interests, decided to pay for the extras himself. Under the fee system he can make up to \$7,200 a year as sheriff, but never has.

SHERIFF CHARLEY COMBS' JOB COSTS HIM MONEY
